Sewing & Embroidery

THE Dream Machine™ Innov-is XV8500D

Overview

Your dreams...and ours, made real through a bounty of new and refined features captured in THE Dream Machine™. With over 100 new or improved features, THE Dream Machine™ awakens your creativity as it allows you to construct your designs on our largest workspace ever. THE Dream Machine™ is our most powerful, technologically advanced machine – the one you've been waiting for.

Built-in stitches, embroidery designs and fonts

- 726 built-in sewing stitches, including 15 styles of one-step auto-size buttonholes and 1 style of four-step buttonholes. 939 built-in embroidery designs, including 166 designs featuring Disney characters, 140 frame pattern combinations, 22 embroidery lettering fonts and 5 sewing lettering fonts.

10.1" industry's largest built-in high definition LCD display

- 23% larger than prior models. View your creations in crisp, vivid color and navigate easily with the new user interface and large, intuitive icons. View built-in tutorials or view MP4 files on-screen.

11.25" from needle to arm

- Our largest needle to arm – offers over 56 square inches of workspace – a dream for any quilter with the ability to accommodate a rolled king-size quilt!

Large 9.5" x 14" embroidery area

- Maximum embroidery field of 9.5" x 14". Includes four sizes of embroidery frames: 9.5" x 14", 8" x 12", 5" x 7" and 4" x 4".

Industry-First InnovEye® 2 Technology

- Get a live, up close view of the needle area for the most precise positioning ever. Now with up to 2x the scanning speed and up to 3x the resolution of prior models. See your desired stitch superimposed on your project, allowing you to adjust stitch width or placement.

Industry-First Scanlmaton™ Scanning Frame and Technology

- Using InnovEye® 2 Technology and our state-of-the-art scanning frame, scan drawings or printed clip art directly into My Design Center. Maximum scanning field of 8.5" x 12".

Industry-First My Design Center – Line Art Scan and Embroider

- Scan handwriting or line art on the Scanlmaton™ Scanning Frame, and then watch as they are transformed into unique embroidery designs. You can also draw directly on the 10.1" LCD display.

Industry-First My Design Center – Illustration Scan and Embroider

- Use the Scanlmaton™ Scanning Frame to scan an image or illustration, or import a JPEG using the USB port, and watch as the image is turned into stitch data using just the machine.

Industry-First My Design Center – Stippling

- Choose from a library of built-in shapes, scan your fabric to define your stippling area, or draw your own design and scan it in to create personalized stippling.

MuVit™ Digital Dual Feed System and Couching Foot

- Powerfully feed fabric from the top AND bottom, and sew precise, uniform stitches on a range of fabrics from silk to denim. Combine with the new included Couching Foot to easily add cording techniques to your projects.
